

## Memory Bag for Grieving Children

One of the many important resources offered through the Family Resource Center is the Memory Bag for Grieving Children Program. These age-appropriate tote bags contain grief and loss educational material and resources for pre-school, school-age and adolescent children. They are free of charge and available to any child that has experienced the death of a loved one.

Each memory bag is filled with grief and loss educational booklets, journal, photo album or key chain picture frame, small stuffed animal or small toy, grief and loss support group information and community resources.

Memory bags can be picked up or mailed out.

**To request a free Memory Bag contact:**
